Polk Introduces Signature Reference Series

The Signature Reference series is the best automotive speakers Polk has ever produced. Your vehicle and music deserve top-notch, audiophile sound! We spared no expense bringing you the finest design and materials to this ultra-premium line of autosound speakers and subwoofers. Every component in the system - from the cast aluminium crossover enclosure, to the tweeters and woofers were designed and constructed with meticulous attention to detail. SR Series component systems and subwoofers offer the finest looks and sound for your high end application!

Our Signature | Your Reference
